News Brief

We promised FEEDBACK from our Education Questionnaire - here it is... ☺

We are preparing for a 3 day "Beginner's class" covering installation, configuration and debugging. We are planning to hold class in June for a maximum of 10 students on a first come, first served basis. Call Mike Yankowski (561-338-3264) to reserve your seat.

Here's a *St. Patty's Day* Special

Used, Refurbished 7526-200s for $495.00

We just bought a number of used (non-Ethernet) 7526-200s from a working factory environment. We have completely tested and refurbished these units to ETN (Equivalent to new) condition and are offering them with a 90 day warranty for this price until they are gone. Here's a chance to buy a spare or 2 "just in case".

Thanks for your business! ☺

Ron, Jack, Tottie, Frank & Mike

P.S. We're learning... the hard way. Unfortunately, we had some "glitches" with last week's News Brief and some of you got a garbled version. We apologize for any consternation and ask that you let us know if you have any problem opening our e-mail.
