News Brief

www.IBM7526.com

OK, so www.data-collection.com.com is not the easiest web address to remember! datacollection.com, data_collection.com and other "typos" can take you to sites unknown. We think we have simplified things - at least a little - by registering the following web addresses:

www.IBM7525.com, www.IBM7525.net
www.IBM7526.com, www.IBM7526.net
www.IBM7527.com, www.IBM7527.net

They all "point" to our www.data-collection.com site, but we hope these will be easier to remember. Our e-mail address is still sales@data-collection.com but you probably have that in your address book already.

By the way, I just want to let everyone know that the "St. Patty's Day Sale" we had back in the March 6, 2003 News Brief ended when we ran out of those 7526s. I recently had another call for a few more of those units so I guess the good news is that ya'll remember our news - the bad news is that these special deals usually sell out quickly. If we can pick up another "deal" we'll be sure to let you know. We still have a few of the scanners left from last week's News Brief. First come, first served.

Thanks for your business.
